DALY CITY COLLECTS TWO HUNDRED CANES

—Photo by John Craig

More than two hundred canes and twenty pairs of crutches were collected for wounded servicemen in the recent cane campaign, directed by Arthur J. Bodien, above, in Daly City. They were turned over to the San Francisco League for Servicemen, which will distribute them to hospitals in the area.

Bodien expressed especial appreciation to the school children of Daly City, who were just about the best collectors in the entire drive. In fact, they were so good that Bodien ran completely out of the small buttons with flag insignia which he had been awarding to each collector.

Farallone Teams Win Sunday Games

Daly City baseball teams gave visiting pitchers a bad time, Sunday, as they piled up big scores to win games played at Marchbank park. The Farallone Packers, local entry in the Peninsula Summer Baseball league, smashed out a 12-6 victory over the Simmons company squad, after the Packer Juniors had walloped the Ross Valleys, 15 to 5, in the morning contest.

Manager Charles Norry's Packers drove out a total of 13 hits, while their opponents made eight off the pitching of Bagdanoff. The Juniors outhit the Ross Valley club, 14 to 6, behind the pitching of Ritchie and Quinones.

Next Sunday the senior Packers have a league contest scheduled at Belmont, against the Merchants,

Voluntary Service Awards For Three

Three local residents, Claude Cattori, Charles Suenderman, and Mrs. Emma Ledterman, have been presented with Voluntary Service Awards in recognition of conspicuous service in the performance of war-time duties. District Director of the Office of Price Administration Francis Carroll made the awards to these local leaders, who have been affiliated with War Price and Ration Board No. 83-12-3.

In making the awards, Carroll said: "Tied in closely with the battles being waged by our armed forces on the fighting fronts is the silent battle being waged on

Local Board Waits For Definite Order

Daly City Draft Board No. 103 has as yet received no official instructions to reclassify pre-Pearl Harbor fathers as 1-A, according to Mrs. Isabelle Flynn, chief clerk. When interviewed about the much discussed fathers' draft, she explained that the local board has not exhausted its supply of single men or men without children as yet and would naturally take no action to call fathers until receipt of specific notification from national headquarters.

Another contingent from this area will be sent off for duty with the armed forces, tomorrow, June 18, when a quota of 88 is to report for induction.

Water Safety Campaign Begins Monday Morning

Local residents who wish to take advantage of the swimming classes being held in connection with the fifth annual Red Cross swimming and water safety campaign at Jefferson Union high school have only until Saturday to enroll, it was announced yesterday by Miss Ella Redkey, instructor.

Colma Council Votes Contract For Repairs

Contract for street repair was voted by the council of the Town of Colma at its regular monthly session, held Monday, at which Mayor Paul Delucchi presided. The action was taken following a report by Councilman Fred Lane, and provides for the repair and resurfacing of a portion of E street by L. C. Smith, who submitted an estimate of $725 for the job.

Colma officials will participate in a meeting scheduled for Tuesday, June 22, in South San Francisco, when representatives of cities in San Mateo county will attempt to work out a uniform curfew ordinance for adoption in their various communities. The invitation, as read by City Clerk E. A. Weisenburger, asked attendance of a member of the council, the chief of police, and the city attorney.

A sermon by Father Breen and the Benediction of the Blessed Sacrament will conclude the exercises.

A large group of friends and parents is expected to attend.

HOW TO AVOID FOOD POISONING

Certainly it's patriotic to home can vegetables and fruits but you, madam housewife, want to be sure you don't give your family food poisoning in the bargain. Unless you are an experienced canner with adequate equipment at hand, you had better "go easy" on the preservation of foods at home.

To protect you and your family and to make your task of canning easier, Jefferson Union high school is going to make available the use of pressure cookers (sure-fire insurance against food poisoning). There will be an expert on hand from the San Mateo junior college to organize groups of women using the cookers and to explain the processes.

If you are interested in this service, send your name, address and phone number to the high school, 6996 Mission street, at once. The scope of the local program will depend, of course, on the evidences of interest shown by local housewives. There will be no charge for the use of the cookers—you just bring the vegetables.

Class Of June '43 Leaves Jefferson

The class of June, 1943, bid Jefferson Union high school a last farewell at commencement exercises, last night, June 16, in the auditorium, when diplomas were conferred on 87 of its members.

Graduates and the large audience of parents and friends heard five student speakers, Louise Baciocco, Gwendolyn Stegeman, John Mosman, Ralph Capps, and Walter Cavagnaro. General theme was "Living in a World at War."

The invocation was given by Reverend Father Felix Penna, S. C., Corpus Christi church, and the benediction, by Reverend William P. Miles, Grace Presbyterian church. Special music by the chorus had been arranged under the direction of Oscar Busch. Members of Chapter 194, California Scholarship federation, acted as ushers. Remi Sanders, chairman, and Mrs. Stella Jensen, clerk, represented the Jefferson Union High School Board of Trustees in conferring diplomas. Principal James Ferguson presented the class.

Those who received diplomas at last night's high school commencement exercises were:

Anthony Aiello, Marjorie Anderson, Louis Arata, Louise Baciocco, Vincent Barsi, Vivien Bemis, Matthew Borg, Sylvia Bottini, Madge Roberta Brenzel, Carol Bryant, Herb Buckenmeyer, Rena Mary Burlo, Leora Butwell, Robert Bybee, Tom Callan, Ralph Capps, Walter Cavagnaro, Mario Almo Ciardella, Clifford Cottrell,

Makes Two City Job Appointments; Studies Problems

Hears Reinspection Report By Health Dept.

Monday night's 2-hour city council meeting resulted in the passage of three routine resolutions, two appointments to municipal departments, the acceptance of a resignation, the granting of two leaves of absence in the fire department, further study of several important problems in Daly City, including substandard dwellings, the possible adoption of an ordinance governing electrical devices, materials and appliances, a summer recreation program for children of Crocker tract, illegal dumping of rubbish and garbage, and the passage of a motion to bring the Block Book, which shows the lots and streets of the city and various utilities installations thereon, up to date.

Under communications the resignation of Policeman Joseph Kusber was read and accepted by the councilmen. The vacancy left by his resignation will be filled by Bert Wester, whom the council appointed on a 6 months probationary period, at a starting salary of $170. Wester, a long-time resident of Daly City, makes his home at 401 Evergreen avenue.

Miss Muriel Mooney was appointed to the position of assistant water clerk, left open by the recent resignation of Mrs. Irene Bartel. She will start at $115 under a 6 months probationary period.

The resolutions include two which covered routine city financial transactions on the general

Daly City To Get Loan Of Equipment

Daly City's fire fighting equipment, which well might decide the difference between adequate fire control and holocaust in the event of a surprise Japanese air raid on this area, is shortly to be augmented by the loan of several pumps and other protective gear from the federal government, according to Arthur J. Bodien, director of civilian defense here.

The national office of civilian defense has notified Bodien that they will immediately supply Daly City with two trailer pumps of 500 gallons per minute capacity, one front-end pump, firemen's boots, trousers, coats, gas masks, ladders, and several 100 foot lengths of 2 1-2 and 1 1-2 inch hose with nozzles.

The equipment will be made available to the City of Daly City on a loan basis for "the duration"

State Announces Fee Apportionment

An apportionment of $48,811.41 to San Mateo county in motor vehicle license fees was announced, yesterday, by Gordon H. Garland, director of the Department of Motor Vehicles.

Garland also announced an additional apportionment of $50,-119.53 to the various cities of San Mateo county. Of this latter amount Daly City will receive $9,-625 and the Town of Colma, $354.

The apportionments are based on a population of 111,782 for the county and 83,585 for the cities as shown by the 1940 federal census in accordance with the Vehicle Code.

The motor vehicle license fees are based on current market values of the vehicles and were formerly collected by the cities and counties as personal property taxes.

The apportionment represents collections for the period July 1, 1942 to March 31, 1943 totaling $11,518,860 for the entire state. Of the total, $3,978,306 goes for retirement of old highway bond issues, administration and the State Retirement Fund. The apportionment is based on a total population of 6,907,387 for the counties and 5,030,192 for the cities as shown by the 1940 Federal census.

Police Dept. Deals With Usual Round Of Reports

Police department news was nothing if not typical, this week, with a routine number of lost ration books reported, dogs biting residents, skylights not blacked out, "had been drinking" cases, would-be suicides, children strayed from home, street lights out, minor auto accidents, which were harder on tempers than property, and family arguments.

Major incident in recent days was the final disposition of the zoot-suited bandits who robbed Hammar's Shell Service station, Sunday night, May 30. Police Chief James G. Reardon reports that the case went to San Mateo County Superior Court, Thursday, June 10, and trial will take place shortly.

Three men, Clifford Lyons, William King Moore, and George Hendricks, broke into and took cash, gasoline coupons, and a cigarette machine from the local station and now must answer to the superior court on charges of burglary. Their under-age companion was turned over to Los Angeles juvenile authorities.

carry **TENPLAN** *checks instead of cash!"*

"Don't know why I was so set against a checking account. Guess I thought good hard cash was the only thing to carry. Now I know better.

"I opened a TENPLAN checking account at Bank of America about two months ago and have been money ahead ever since. Have saved a lot of time and trouble, too."

This war worker, like thousands of other Californians, has learned a profitable lesson. He used to have trouble cashing his paycheck and would often have to pay a fee.

Now he mails his paycheck for deposit to his TENPLAN checking account and writes checks for bills and for spending money as he needs it. He says a TENPLAN account can be valuable to nearly anyone who now uses cash.

To Buy ELECTRIC POWER

THAT'S TRUE, even though the electric light and power industry in America was called on to produce, in 1942, the greatest amount of electric power in history—189 *billion* kilowatt-hours!

And at the same time the average cost per kilowatt-hour to the consumer was lower than ever before!

Not only were all the demands of war plants, military camps, naval stations, and arsenals met—but there remained 27 billion kilowatt-hours of electrical energy to take care of the needs of shops and stores, 30 billion for homes, 13 billion for public transportation, street lighting, and other uses.

These are *some* of the accomplishments of the electric light and power industry and of the electrical manufacturers who build the equipment used to generate, distribute, and utilize electricity—working together with the teamwork so typically American.

How We Helped

POWER GENERATION. More than one half of all the electric power generated by electric light and power companies in the U. S. is produced by generators manufactured by General Electric.

And such has been the improvement in the efficiencies of turbine-driven generators that if the electric power used in 1942 had been produced with the machines of 1924, it would have required more than a million extra cars of coal and one hundred and forty thousand men just to mine and haul this extra coal.

POWER DISTRIBUTION. To have ample power available wherever new war plants have sprung up requires large and highly efficient transforming and switching equipment and the solution of highly intricate engineering problems. General Electric has had a hand, and a head, in the development and manufacture of much of this equipment.

POWER UTILIZATION. Building machines, lamps, and appliances that put electricity to work more efficiently in factories and homes is one of our most important jobs. The United States has more of these electrical helpers than any other nation. In 1942, the average home used twice as much electricity as in 1930, and in those 12 years the average price per kilowatt-hour decreased 40%.

★ ★ ★

This is only a small part of the story of America's electrical industry. When the full story becomes history with the passing of the years, it will reveal a group of men who, with a determination which now seems providential, kept on—co-operatively developing new and better equipment, increasing generating capacity, lowering costs, expanding service, planning always to be ready for the demands of the future. It will be a story of remarkable vision and courage—for it all had to be planned, and the work started, years ahead of the need.

The next time you meet a man from your electric service company, be he the local manager, or meter reader, or spurred lineman carrying out his assignment in rain, sleet, or heavy winds, give him a word of encouragement—for he is the man who is making it unnecessary for you to stand in line for electric power. *General Electric Co., Schenectady, N. Y.*

Grace Nazarene Church Offers Music Program

The public is invited to attend the program to be presented by the Girls Quartet from Pasadena college, this evening, June 17, at Grace Church of the Nazarene, Santa Barbara and Vista Grande avenues. One of the members of the quartet is Miss Doris Echeverria, who formerly lived in Daly City and took an active part in activities at the local Nazarene church.

The new pastor at Grace Church of the Nazarene will make his first official appearance at tonight's program. He is Reverend D. C. McKisson.

Last week, several members from the local group attended the Northern California Nazarene District Church assembly at Beulah park, Santa Cruz. They were Reverend and Mrs. N. M. Lewis, Joseph Straughan, Mr. and Mrs. Arthur Croy, and Mrs. H. R. Miller jr. They reported an unusually large attendance at the assembly.

KNIGHTHOOD OF THE SKIES

Somewhere flying homeward from battle—engine stuttering—battered but still jaunty—a plane wings its way. On its sleek sides its squadron insignia embodies in bright colors the dauntless spirit of its young and gallant crew.

The various squadrons of our Army, Navy and Marine Corps have their own insignia, each as distinctive, as fanciful, as devil-may-care as the tastes of the individuals in the squadron dictate.

Designs run the gamut from the grim symbolism of Fighter Squadron 10's diving skeleton to the comical figure of the 311th Bombardment squadron's Disney-like blue goose with bombs tucked neatly under its wings. All the insignia, however, reflect the vigorous and sturdy individualism of Uncle Sam's hardy young flyers.

FATHER'S DAY

The selection of General Eisenhower as America's number one father for Father's Day of 1943 is particularly fitting, not only as a tribute to a great job which one father has done, in his capacity as commander-in-chief of all United Nations' forces in North Africa, but also because it is a reminder of the sacrifices being made by many other fathers in carrying on this global struggle to a victorious conclusion.

This year Father's Day has a special significance, for the war has brought a keener realization of just what it means to be a father. No man can watch his son march off to war or leave his youngsters behind without feeling keenly the call his country must make upon him.

When the last war came to an end, many fathers breathed a prayer of thanksgiving that their sons would never have to experience what they had gone through, because the "war to end wars" supposedly had been won! Now they know that wars can only cease permanently when the fight is waged untiringly in times of peace against the forces of hatred, greed and intolerance which would undermine the peace. And they are coming to realize more than ever that this fight must be waged first within their own hearts—for the thoughts of each help to form the world pattern.

When peace is lived again, Father's Day will mean what it should —Dad and his family together, in pride and happiness.

Senior Wardens Plan Training

Only nineteen night senior wardens and two day senior wardens attended the meeting of the group, Friday night, June 11, according to Chief Air Raid Warden Harry Melicker, who had urged a large turnout due to the need for organizing additional training for the city's wardens.

New fire classes for wardens were discussed and senior wardens advised to tell their men where and when to report to the fire companies for instruction.

A tentative date for the showing of war protection films has been set for Friday night, June 25, at Jefferson Union high school. All wardens and the general public are urged to attend.

A motion was made by Warden T. Laramie that a guest speaker be invited to address the senior wardens at one meeting each month.

Sectors 13 and 14 accepted the challenge for a softball game recently issued by Senior Warden Fred Hanel, Sector 18, but they found no one at the diamond Sunday morning so had to play each other, according to interested wardens.

Dr. William Lantheaume Ladies Night Chairman

Dr. William J. Lantheaume is chairman of the next Lions Ladies Night, to be held, Saturday, June 26, at Estradas Spanish kitchen. These popular once-a-month socials are a tradition with the Daly City-Colma Lions club. Festivities will get under way at 7:30 p. m. with dinner and dancing.

The local Lions elected new officers, yesterday, at their noon business meeting, held at Shorty Roberts Drive Inn.

University To Open Fall Term, August 16

The regular fall term of the University of Santa Clara, the West's oldest university, will open, August 16, of this year, according to university authorities. Accordingly, Santa Clara will continue to offer its normal undergraduate courses in the College of Arts and Sciences, College of Business Administration, and the College of Engineering.

Civilian students will be able to follow the normal University curricula, despite the fact that the Army has sent a large number of trainees to the Santa Clara campus for specialized training.

San Mateo County Blood Bank Trustees Hold Annual Meet; Hear Plasma Report

Increasing aid to the naval and marine hospitals was forcast for the San Mateo County Blood Bank by Dr. Carl L. Hoag, president, at the annual meeting of the board of trustees held, last Saturday. "As the needs of the hospitals increase," stated Dr. Hoag, "more plasma will be sent." Upon completion of a refrigeration unit at the United States Navy hospital at Treasure Island plasma will be stored there under conditions already established at the Navy hospital at Oak Knoll. The Blood Bank has maintained a supply of 100 units at Oak Knoll which is replenished whenever necessary. The blood and plasma are given free of charge to the hospitals and represents the supply in excess of that stored for civilian needs.

Officers of the Blood Bank re-elected for the coming year are: Dr. Carl L. Hoag, president; U. S. Simonds, jr., vice-president, and Mrs. Pearl J. Hanzlik, secretary and treasurer. John D. Bromfield and Frank Schwabacher, whose terms as trustees, expired, were re-elected for a two year period.

Dr. Hoag reviewed the work of the Blood Bank during the past year. There have been 4,063 blood donors. Stored in the county and available for civilian use are about 1500 units of plasma. Fresh blood for 649 transfusions and plasma for 117 infusions have been furnished civilian hospitals in this territory. Naval and marine hospitals have been given approximately 1450 units which have been used for the wounded coming from the Pacific area. More than 8,000 persons have been blood typed and increasing numbers are availing themselves of this civilian defense service offered without charge by the Blood Bank.

Dr. Hoag thanked the executive committee and trustees for their work during the year and the staff for its support, and expressed appreciation to the many who have contributed time and effort to make the Blood Bank an outstanding community project for civilian defense.

DOWN 10 PER CENT

Western housewives will find meat prices reduced by an average of 10 per cent or three cents a pound at retail after June 21, the Office of Price Administration announced, this week. The reduction of prices on June 21 will apply to all meats except cured and processed pork, which was to be sold at lower ceilings after July 5. The time lag for the cured and processed pork is necessary to take care of pork already in process.

The reduction of meat prices is a part of the President's "hold-the-line" executive order, and it follows by a week similar action on butter prices.

READING & WRITING

BY Edwin Seaver AND Robin McKown

ONE of the most unique story tellers of our times is a Danish baroness who writes under the name of Isak Dinesen. "Winter's Tales," a collection of her strange and masterful stories, is a Book-of-the-Month Club selection for June.

ISAK DINESEN

Isak Dinesen is still living in Denmark. Getting her manuscript out of this country and into the hands of her American publishers was a matter of many months. The last communication from her to her publisher read: "It is out of the question that I communicate with you further or read proof of the book. I therefore place my interests entirely in your hands."

She has had an unusual life. She grew up, she says, "near the sea in the country." In 1914, she married her cousin, Baron Blixen, and went with him to British East Africa, where her family bought a big coffee plantation for them. Later, she took over the management of the farm herself—ran it for ten years until in 1931, the coffee prices dropped and she was forced to give it up. Then, much against her wishes, she went back to Denmark.

Isak Dinesen, incidentally, has a batting average of 1.000 with the Book-of-the-Month Club. Her two previous books—"Out of Africa" and "Seven Gothic Tales"—were also Club selections.

Dr. F. H. Albee, one of the most famous bone surgeons in the world, tells an amusing story in his autobiography "A Surgeon's Fight to Rebuild Men." It seems once a well-meaning lady came to his office, demanding a personal interview. With the air of doing him a great favor, she presented him with a large paper package. She was so thrilled with his wonderful work, she told him, that she had brought him some bones to help him out. He was prepared for a batch of old meat bones—which the uninitiated might think would be useful—but not for the contents of the package. When he opened it he found she had brought him a number of whalebones from some ancient corsets!

Husbands who lament they have extravagant wives may take comfort in the fact that their plight is not a new one. As early as 1789, relate Frank Monaghan and Marvin Lowenthal in their book, "This Was New York" so elaborate were the fashions for New York women that one French visitor was moved to comment: "Luxury forms already, in this town, a class of men very dangerous in society—I mean bachelors. The expensive upkeep of women makes men dread matrimony."

Native Daughters Submit Report

El Carmelo Parlor No. 181, N. D. G. W., has just submitted the following report to the grand parlor chairman on National Defense, Miss Sue J. Irwin:

"Fifteen members of El Carmelo parlor are employed in war industries; six members have given their services to the Red Cross in canteen service; twelve have completed the Standard First Aid course, and eight have received certificates for the Advanced course.

"One member, Ann Lagomarsino, has given over two hundred hours of service to the Red Cross. Rose Sweeney has served the Red Cross steadily for one and a half years. Others have aided the Red Cross in making surgical dressings and in knitting and sewing, this representing approximately one thousand hours.

"Seven have completed courses in nutrition and six have studied home nursing. One serves as staff aid, another a child shelter warden, and still another is a member of a disaster squadron. Three have donated blood once, two have given twice, and three have given four times. Four have served as members of the rationing boards and two assisted in registering for the first draft.

"Ten have served as hostesses at the U. S. O. and eight at Hospitality House. Fifteen have entertained servicemen in their homes. Two members belong to the cookie brigade. The parlor itself has contributed financially to the U. S. O. and the Daly City Servicemen's club. Fifteen of our members have participated in defense bond drives. Two serve as air raid wardens, one is studying radio code. Two are serving as aeroplane spotters, and two are members of the Mobile Unit Corps.

"The parlor has purchased $900 in War bonds. One member received a certificate signed by the President of the U. S. for one year's continuous service on the Advisory Rationing board.

"Our charter president, a member of 33 years standing in the order, Mrs. Margaret Steele, together with two other civic-minded citizens, was responsible for the organization of the Daly City Servicemen's club. Sixteen members of the parlor have served as hostesses at this center since its inception May 29, 1943.

"All of the members are contributing their bit to the little necessities such as saving waste fats, tin cans, papers, rags, rubber, old records, tooth paste tubes, purchasing their share of bonds and stamps and so many other miscellaneous items that all add up to total victory. Yes, we have done our bit, and we'll do more."

COUNCIL

books and one on the 1-4c gas tax funds, approving memorandum of agreement for the expenditure of the funds for state highways.

At the request of the fire commissioners the council granted leaves of absence to Earl Clark, city fireman, who has joined the armed forces, and to B. Fenstermaker for a 2-month period.

R. A. Klassen, city engineer, called to the council's attention the need for post war job planning. The probation committee of the County of San Mateo invited Daly City to be represented at a meeting, Tuesday, June 22, in South San Francisco, when the cities of the county will try to arrive at a uniform curfew ordinance for their respective communities. Most of the council and other city officials signified intention to attend.

The county health department, represented by Deputy Health Officer Fred Collins, and the city building inspector, A. J. Bodien, made a report of reinspection at the Haskins properties and it was decided since the owner had made a serious attempt to rectify violations to extend the time for corrections once again.

The city clerk was instructed to communicate with the Jefferson Elementary School trustees in regard to establishing a summer recreation program at Acton park and General Pershing school for younger children in the Crocker tract. The trustees' support, financial and in the loan of the school building, is sought to insure success of such a program.

Under new business, A. M. Harrison, plumber, was granted permission to install a gas tank and pump at the side of his shop, 6236 Mission street, upon the stipulation that it be properly vented and sunk 4 feet beneath the surface. A request to move a house here from Hunters Point was denied.

Mayor A. J. Gaggero, Councilmen Edmund Cavagnaro, Eugene V. Lynch, John J. Fahey sr., and H. H. Smith jr. were all present for the session.

"Forgets It All" For One Week, Anyhow

Unexploded bombs, water mains, fire alarms, civilian defense problems, and water department detail were for one week, at least, off the mind of **Arthur J. Bodien**, Daly City D. C. head and water works superintendent. He spent a well-deserved vacation at his cottage in Marin county, where he devoted his concentrated efforts to catching fish and other purely recreational activities. He returned to his post, Monday, June 14.

Bodien again reminded the heads of C. D. services here to secure the new registration blanks for their workers from his office and have them filled out and filed. The immediate re-registration of all civilian defense volunteers in Daly City is necessary.

The next meeting of the civilian defense council is set for Thursday, June 24, at the city hall.

Around the table with a pound of meat

It's quite a trick to make a pound of meat go all around the table and satisfy all the appetites. However, it's been done for generations in foreign countries, and some of the creations have become masterpieces of the culinary world. The secret, of course, is to use the meat in tiny pieces, so that the flavor is distributed throughout the dish. Nutritionally, it's sound practice and one we can well afford to adopt these days.

CHOP SUEY — Cut meat into tiny pieces, brown in hot fat, add sliced celery, onions, shredded cabbage (in lieu of bean sprouts), and seasonings to taste. Add a little water, cover pan and simmer for 15 minutes or until vegetables are tender. Thicken the broth slightly with flour or cornstarch. Serve over steaming, fluffy rice.

CREPES DE BOEUF (French) Add chopped, cooked beef to pancake batter. Make large, thin pancakes. Spread with butter or substitute, sprinkle with parsley, roll up and serve plain or with gravy or sauce.

NOODLE DELIGHT—Saute small pieces of meat and mix with cooked noodles, cooked green beans or okra, and wedges of fresh tomato. Pour in greased casserole and bake in moderate oven (350° F.) for 15 minutes or until heated through and flavors are blended.

MEAT PIE Dice a pound of meat and prepare as for stew, using several vegetables cut in uniform pieces. Thicken gravy slightly and pour stew into greased casserole. Cover top with pastry or with mashed potato or cornmeal crust. Bake in hot oven (400° F.) for 20 minutes or until well browned.

CREAMED GROUND HAMBURGER—Brown a pound of ground beef or pork and cook until meat separates. Blend in 4 tbsps. flour, add 2½ cups milk and cook until thickened, about 10 minutes. Serve hot over toast, hot biscuits or baked potato.

CHILI CON CARNE—Brown a pound of diced or ground meat with chopped onion. Add 3 cups tomatoes, cooked or fresh, season with chili powder, garlic, salt and pepper and simmer for 15 minutes. Add 3 cups cooked beans, any kind, and heat thoroughly.

VICTORY GOULASH — Brown stew meat, lamb or beef, then cook in water until tender, adding sliced onions, tomato wedges, celery, fresh corn, peas or string beans. Serve with boiled potatoes.

PACIFIC GAS AND ELECTRIC COMPANY
MONTHLY BILL

SAN FRANCISCO-EAST BAY Metropolitan Cities PAY LESS

for gas and electricity in average home use than any of 25 major cities of U.S.

BRIGHT SPOT IN THE COST OF LIVING!

SAN FRANCISCO and the Metropolitan East Bay cities lead the nation in the low cost of gas and electricity for average home use, according to the recently-issued 1942 Annual Report of the California Railroad Commission, from which the figures in the table below are taken.

Nearly all homes in this area use both gas and electricity. With rates at their present low levels, the combined cost of these utility services is obviously one of the minor items of the household budget.

The Commission's report shows that not only bills for this average combination use of gas and electricity are higher in the only other Pacific Coast cities on the list, Los Angeles and Seattle, but that even their bills for 75 Kwh of electricity are higher. Los Angeles and Seattle operate municipally-owned electric systems, which are tax exempt. Out of every dollar of revenue collected in 1942 by P. G. and E., 23 cents were paid out in taxes.

This excellent position held by metropolitan users of P. G. and E. service is the result of six major cuts in the price of Natural Gas since its introduction here in 1930 and six major cuts in the price of Electricity since early in 1928.

Electricity costs you no more today than it did before the war. Gas actually costs you less. And they have not been rationed. Yet they should be used carefully and without waste.

Comparison of monthly Domestic bills for combination use of 75 Kwh of Electricity and 2,780 cubic feet of 1,100 Btu. Gas or its Equivalent.

1. San Francisco-East Bay $4.29

News From District Grammar Schools

AT WOODROW

A civics contest is being conducted in the high eighth grade in preparation for the final citizenship test which is given to every high eighth grade before graduation. One half of the pupils in the room make up team 1, while the other half comprises team 2. Two meetings have already been held and the score stands 1 to 1.

Rudy Finsterbusch and Doris Fisher of the high sixth grade have transferred from Woodrow school, Rudy going to an Oakland school and Doris going to Crocker school in Daly City.

Raynold Gray, high sixth grade, will leave Woodrow, next week, to live in Walla Walla, Washington. His father is now in Washington, D. C., preparing to be an assistant field director for the American Red Cross.

The high fifth and low sixth grade saw how the inventions of the steam engine and gasoline have improved ways of travel in the film "Transportation," which was shown recently.

A new classmate for high fifth and low sixth grade pupils is Darlene William, from San Francisco.

The fifth grade of Room 15 saw a film on communication and transportation, recently.

AT CROCKER

In connection with their social science unit, the pupils of Room 4 were shown interesting stereoscope slides, "Down the Rhine to the Netherlands," which principally pictured the cities and waterways of Holland.

Room 4 was happy to announce that they had won the War Stamp banner for two consecutive weeks, as the class which had brought in the most money for War stamps.

Robert Bloom of Room 2 visited friends in Sebastopol over last weekend.

Marlene Lowry, Room 3, took a trip to San Jose, recently, to visit with friends.

Stephen Ward, Room 3, enjoyed a Sunday fishing at Half Moon Bay.

Matoaka Council Elects New Officers

The officers to take their stations in July were elected at its last meeting by Matoaka Council No. 18, D. of P. Those elected were Prophetess Helene Poissant, Pocahontas Audrey Abbott, Wenonah Laverne Nichols, Powhattan Joseph Satariano, Keeper of Records Sophie Moeller, Keeper of Wampum Grace Abbott, Musician Helen Seith, Trustee Mary Hennessy.

May activities included entertainment of servicemen and two whist games, under chairman Audrey Abbott. A thousand dollar war bond was also purchased during this month to add to the council's treasury.

The June activities are under the supervision of the brothers, with Ray Zanetti in charge, and many pleasant evenings are anticipated, according to Mrs. Olive Hoover, Daly City, in charge of publicity.

Points On Point Rationing

WITH the arrival of the salad season, meat problems will diminish especially if one makes frequent use of salads that have some meat in them or else cheese, which is an excellent substitute.

Strips of meat or cheese combined with the more vitamin-rich vegetables — such as green or lima beans and green peas—build up a salad that is both nourishing and satisfying. With the addition of a hot bread and one of the more filling desserts, such a salad will make a meal.

From the kitchen of the American Can Company, where Miss Isabel Young, director of the home economics division, is busily engaged in finding new wartime receipes that will help homemakers with their menu problem, come two suggestions—one for a nourishing main dish salad and the other for a dessert which also has plenty of nourishment. Here they are—

Ham Slaw

3 cups of canned or cold cooked Ham strips	1 small Onion, chopped
4 cups shredded crisp Cabbage, chilled	1 Egg White
	½ cup Mayonnaise
	1 cup green beans, or lima beans, or green peas

Mix ham, onion and other vegetable with cabbage which has been thinly sliced as for cole slaw. Beat egg white; fold in mayonnaise; mix well with cabbage mixture. Serve from salad bowl. Six Servings.

Custard With Fruit

3 eggs	1 teaspoon Vanilla
3 cups Milk	½ teaspoon Lemon Extract
½ cup Sugar	
¼ teaspoon Nutmeg	½ teaspoon Salt

Beat the eggs slightly and combine with the remaining ingredients. Pour into a basin (6 inches wide and 2½ inches deep). REFRESHING STANDOUT among regulation-meeting afternoon frocks is the sculptured, two-piece model worn by CBS star Alice ("Second Husband") Frost. Flattering pink slipper satin gives detail to the formalized neckline of the jacket and outlines the wrists with wide attached bands. News From Jeff Union High School

By Verna Moresco

G. P. A. L.

The swimming meet between Jefferson and Balboa seemed to favor Jefferson. Jefferson won by a score of 44 points against Balboa's 16. Quite a few students were present for the meet.

Barbara Gregor, Doris Vernengo, Violet Sharp, Vivian Thorsen, Elizabeth Newton, Anita Lehigh, Augusta Cattanneo, and Nancy Sorg were victims of the girls' Block "J" initiation, last Thursday.

SENIOR BALL

The senior ball presented by the seniors of the graduating class of June '43 was a great success. The decorations with their South Sea Island motif and the music helped to put it over in a big way.

Quite a few students were there and some showed up in tuxedos. The corsages the girls were wearing were the most beautiful seen at any senior ball.

Punch was served by the Jefferson Union High School P. T. A.

Towards the end of the evening Mr. and Mrs. James Ferguson lead the seniors in the grand march.

RALLY

Before the varsity and graduating seniors football game, June 4, a rally was given in the gym. The seniors sat on one side of the gym and the rest of the students on the other side.

Yell leaders for the varsity were: Elsie Belli, Rita Lozano, Winifred Grant, Jerry Martin, and Ken Hatt. Kay Lyons and Gene Hopper were leaders for the seniors.

The band marched on the gym floor and formed a "J" for both the seniors and the varsity.

All was in vain for the seniors, because the varsity won by a close score of 6-0.

ABOUT SCHOOL

Last Wednesday, the chorus under the direction of Oscar Busch presented a program in assembly.

The two specialty numbers were "This Is Our Country," and "As Torrents In Summer."

This was the last program of the season and also the last for the graduating seniors who are in the chorus.

The senior editions were to be issued today.

Jack Faulk, a graduate of Jefferson Union high school, now in the Army, was a guest at Jefferson, June 4. While he was there he participated in the game and played against the varsity.

with a women's class from 9:30 to 10 o'clock. Other classes will follow throughout the morning, and if enough registrations are received, a lifesaving course will be given.

The gymnasium will be open for grammar and high school students' use for basketball, volleyball and table tennis each afternoon, from 2 to 5 o'clock. The fee will be 10c, with the children furnishing their own gym clothes.

During the two-weeks' Red Cross campaign, lunch will be served children at the cafeteria for the cost of 10c.

Throughout the summer vacation season, the gymnasium and pool will be open for the use of school students, each afternoon, Monday through Friday. Evening hours have also been arranged on these nights for the general public.

In charge of the summer recreation program will be Mrs. Lillian Clayton, Miss Claire Nace and Miss Redkey.

New Staff Member At Daly City Center

Newest addition to the professional staff at the Daly City Dental-Medical center, 6273 Mission street, is Miss Florence Curry, ceramist and dental technician.

Specializing in all types of porcelain dental work, Miss Curry will be associated with the office of Dr. William J. Lantheaume. For many years she has operated offices in downtown San Francisco with her own staff.

the home front. It is altogether proper that these volunteers who are devoting their time and their energies to administering both rationing and price control be recognized for the heroic manner in which they have discharged these duties. It is with a feeling of great pride that I commend these unpaid, and too often unsung, volunteer War Price and Rationing Board members to the people they serve. It is through their unselfish devotion to this service that the rationing and price control programs have been administered with a relative smoothness in your community."
